EDUCATION

Chandigarh University

Bachelor of Engineering in Computer Science — 8.2 GPA

Chandigarh, IND

Aug. 2020 – May 2024

Suditi Global Academy

Senior Secondary - 8.1 GPA

Uttar Pradesh, IND

April 2019 – March 2020

EXPERIENCE

UI/UX Designer

Micro Saas Capital

April 2024 – October 2024

Toronto, Canada (WFH)

- Recently designed product's roadmap pro features that facilitate better task management for businesses (via task-status classification), considerably compelling the business owners to upgrade to product's pro pricing.
- Increased settings discovery (+40%) with redesigned UI and reducing the effort to scroll through complete settings page.
- Increased SaaS product's internal search count (+20%) via implementing filters panel.
- Introduced user onboarding flow UI to improve the initial user experience and provide a quick overview of the product's capabilities.
- Visitor retention (+60%) by Revamping the product's pricing page, features page, integrations page, blog, and case study page. It had good user experience and exceptional conversion rates, thereby raising revenue.
- Migrating unorganized designs from Sketch to an organized Figma file. Thereby, setting up the components, style library and an entire design system.
- As the sole designer at Micro SaaS, I oversaw the visual design of the product and created new features. Worked closely with the CTO to comprehend and carry out the short- and long-term objectives of the product. Collaborated and communicated with engineers to code the front-end on a weekly basis

Web UI/UX and Product Designer

Mazinda Commerce Pvt. Ltd.

Oct 2022 – August 2023

IIT Mandi, IND

- My work spans from creating low-fi wireframes to converting them into usable and aesthetically pleasing high-fi wireframes.
- Designed customer side UI, vendor dashboard, delivery dashboard and admin dashboard UI.
- Responsible for brand creation, research and promotional social-advertising creatives.
- Contributed in seeding round by creating Pitch Deck for company and prototyping completed web design

Graphic Designer

Alexa Developers Community CU

March 2022 – September 2023

Chandigarh University

- Webinar promotional contents, drafting designs focusing on more audience retention
- The work has been primarily in the realms of social marketing creatives, event deliverables, mockups.

PROJECTS
